Guidelines for All-State Orchestra Auditions

1. Students will be allowed to enter the warm-up space no more than 30 minutes prior to their scheduled audition time. Any students arriving early will be asked to leave and return at the appropriate time.
2. No adjustments to the audition schedule will be accepted. Students must commit to the audition time(s) assigned to them. With that being said, it is typical for violin panels to run late as the day progresses. *Please inform your violin students that there is a chance that a delay might occur. If this happens, students may be asked to return to their car for a short period to help keep the number of people in the warm-up room low.*
3. If a student is experiencing Covid symptoms, they must stay home and not participate.
4. Students who miss their auditions will be coded as “No-show”. No make-up auditions will take place.
